

§ 700.1

15 CFR Ch. VII (1–1–16 Edition)

Subpart A—Purpose

§ 700.1 Purpose of this part.

This part implements the Defense Priorities and Allocations System (DPAS) that is administered by the Department of Commerce, Bureau of Industry and Security. The DPAS implements the priorities and allocations authority of the Defense Production Act, including use of that authority to support emergency preparedness activities pursuant to Title VI of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5195 *et seq.*), and the priorities authority of the Selective Service Act and related statutes, all with respect to industrial resources. The DPAS establishes procedures for the placement, acceptance, and performance of priority rated contracts and orders and for the allocation of materials, services, and facilities. The guidance and procedures in this part are generally consistent with the guidance and procedures provided in other regulations issued under Executive Order 13603 authority.

Subpart B—Overview

§ 700.2 Introduction.

(a) Certain national defense and energy programs (including military, emergency preparedness, homeland security, and critical infrastructure protection and restoration activities) are approved for priorities and allocations support. A complete list of currently approved programs is provided at schedule I to this part.

(b) The Department of Commerce administers the DPAS and may exercise priorities and allocations authority to ensure the timely delivery of industrial items to meet approved program requirements.

(c) The Department of Commerce has delegated authority to place priority ratings on contracts or orders necessary or appropriate to promote the national defense to certain government agencies that issue such contracts or orders. Such delegations include authority to authorize recipients of rated orders to place ratings on contracts or

orders to contractors, subcontractors, and suppliers. Schedule I to this part includes a list of agencies to which the Department of Commerce has delegated authority.

[79 FR 47563, Aug. 14, 2014]

§ 700.3 Priority ratings and rated orders.

(a) Rated orders are identified by a priority rating and a program identification symbol. Rated orders take precedence over all unrated orders as necessary to meet required delivery dates. Among rated orders, DX rated orders take precedence over DO rated orders. Program identification symbols indicate which approved program is attributed to the rated order.

(b) Persons receiving rated orders must give them preferential treatment as required by this part.

(c) All rated orders must be scheduled to the extent possible to ensure delivery by the required delivery date.

(d) Persons who receive rated orders must in turn place rated orders with their suppliers for the items they need to fill the orders. This provision ensures that suppliers will give priority treatment to rated orders from contractor to subcontractor to suppliers throughout the procurement chain.

(e) Persons may place a priority rating on orders only when they are in receipt of a rated order, have been explicitly authorized to do so by the Department of Commerce or a Delegate Agency, or are otherwise permitted to do so by this part.

§§ 700.4–700.7 [Reserved]

Subpart C—Definitions

§ 700.8 Definitions.

The definitions in this section apply throughout this part:

Allocation. The control of the distribution of materials, services or facilities for a purpose deemed necessary or appropriate to promote the national defense.

Allocation order. An official action to control the distribution of materials,
